

Julio's News Update Winter 2011

***Julio Cusihuaman writes "Thank you for being part of this ministry to the prisons, no matter where the prisons are we need to get there, knowing that there will be a party where a soul turns his eyes to the Lord Jesus".***

In August Julio went to Tarma prison. He gave an altar call but ask the men to repent in their hearts before coming to the front . 39 men came to the front. 6 of them with many tears of pain and repentance, they also were groaning loudly. After this he handed them Bibles and devotionals.

Candy (his daughter) commented at the end that she could not believe that those men with such hard faces could kneel down and accept the Lord Jesus in their hearts

After this they went to the central Jungle to a town called Yurinaki. He preached in a church there and remained for two days teaching the Christians there. It sound a bit like Paul!!!!!!.

Having collected Aaron, a brother from Yurinaki continued to Satipo. There was 120 prisoners there. After the altar call 43 men came to the Lord some kneeling some crying , many of the Christian brothers in the prison came to hug the new brothers with a lot of compassion because of their tears.

Aaron tried to speak but started to cry because of the precious harvest to the glory of God. As they left the cried come back soon pastor.

October 2011 Julio visited Cerro de Pasco (highest city in the world) prison. It was bank holiday and the families of the prisoners were visiting. There were around 300 people between adults and children in the patio. After preaching 8 people, men and women answer the altar call. Also 17 children between 10 and 15 years of age with many tears accepted the Lord Jesus. The adults cried also when they saw the children crying.
